

# SOMOS International School

## Embassy Event with Denmark

The Deputy of the Royal Danish Embassy, Mr Jesper Thomsen, his family and Ms Nanna Birch for the Political Team visited the SOMOS Intr'I School as the honored guest of the day

Mr. Thomsen shared the Danish Christmas specialties, explaining the term "Hygge" which means relaxing with good friends or loved ones, often while enjoying good food and something to drink. The traditional way how Danish celebrate Christmas!

The SOMOS students shared the projects they worked on Denmark. Mashiro, Aika, and Yuyu made their "original fairy tale" after reading Anderson's stories, the woven hearts (traditional Danish Christmas ornament)

The younger ones played with the LEGO blocks offered by LEGO Japan, and everybody participated in the workshops to make their very own LEGO man! Mr Thomsen was the very first to hand his LEGO man to the school Christmas tree!!

From the "SOMOS Kids Media Desk," Hayakazu interviewed live Mr. Thomsen on Danish lifestyle.

The embassy brought specially made "Danish" for everybody to taste Denmark's favorite sweets!!
